

# PEOPLE — VERY MUCH LIKE YOU

There are many thousands of men and women on regular duty with Illinois Bell—some working to maintain and improve the plant equipment, others to help you use it—all of them giving their skill and experience wholeheartedly to the job!

It is their purpose to give you telephone service that is not only efficient, but friendly as well . . . to give you the most service, and the best, at the least possible cost.

## Telephone Outlets Belong in the Plans for Your New Home

To make sure that telephone outlets are included in the plans for your home, provide for built-in telephone conduit to carry telephone wires through the walls. Merely a simple, inexpensive piece of pipe is all that's needed.

Conduit eliminates exposed wiring. It helps to preserve the beauty of walls and woodwork. And it enables you to have built-in telephone outlets, which are neat little plates that assure preferred telephone locations for present or future use.

Let your telephone company consult with you regarding the convenience and economy of built-in telephone conduit. Just call the Business Office.

Architects and builders are invited to call upon us for assistance in planning telephone conduit.

# TELEPHONE FOREMEN ARE NEVER HIRED

*. . . they're promoted from the ranks!*

In the Illinois Bell telephone organization the men at the top all started at the bottom. Foremen are never hired; they're promoted from the ranks. The same is true of all positions. This established policy of promotion from the ranks means that your telephone service is under the supervision of men and women with thorough training and experience, who know the needs of the service and take personal pride in making it dependable, pleasing and low in cost.
